

COMPANY PROFILE

Malaysia's Go-To Glass & Mirror Brand For Customisations

CLV GLASSTECH

Established in 2020 by Mr. Josh Chew, a Malaysian brand under CLV Group of Companies which is also supported by Lien Yeu Glasstech (M) Sdn Bhd, a glass processing manufacturer with over 50 years of experience in the market. CLV Glasstech started off with selling customised LED mirror and glass and till now we are already providing a full range of service for different solutions. By continuing our journey exploring new possibilities in glass and mirror industry, we believe that our products can reflect every unique vision, bringing imagination and creativity to life.

REFLECTION OF CREATIVITY

“Reflection of Creativity” is our guiding principle at CLV Glasstech. We believe that mirrors and glass are not just functional items, they are also canvases for creativity reflecting each and every individual’s imagination. It can be a source for individuals to get ready to step into a world where reflection becomes art, where creativity knows no bound.

ONE STOP

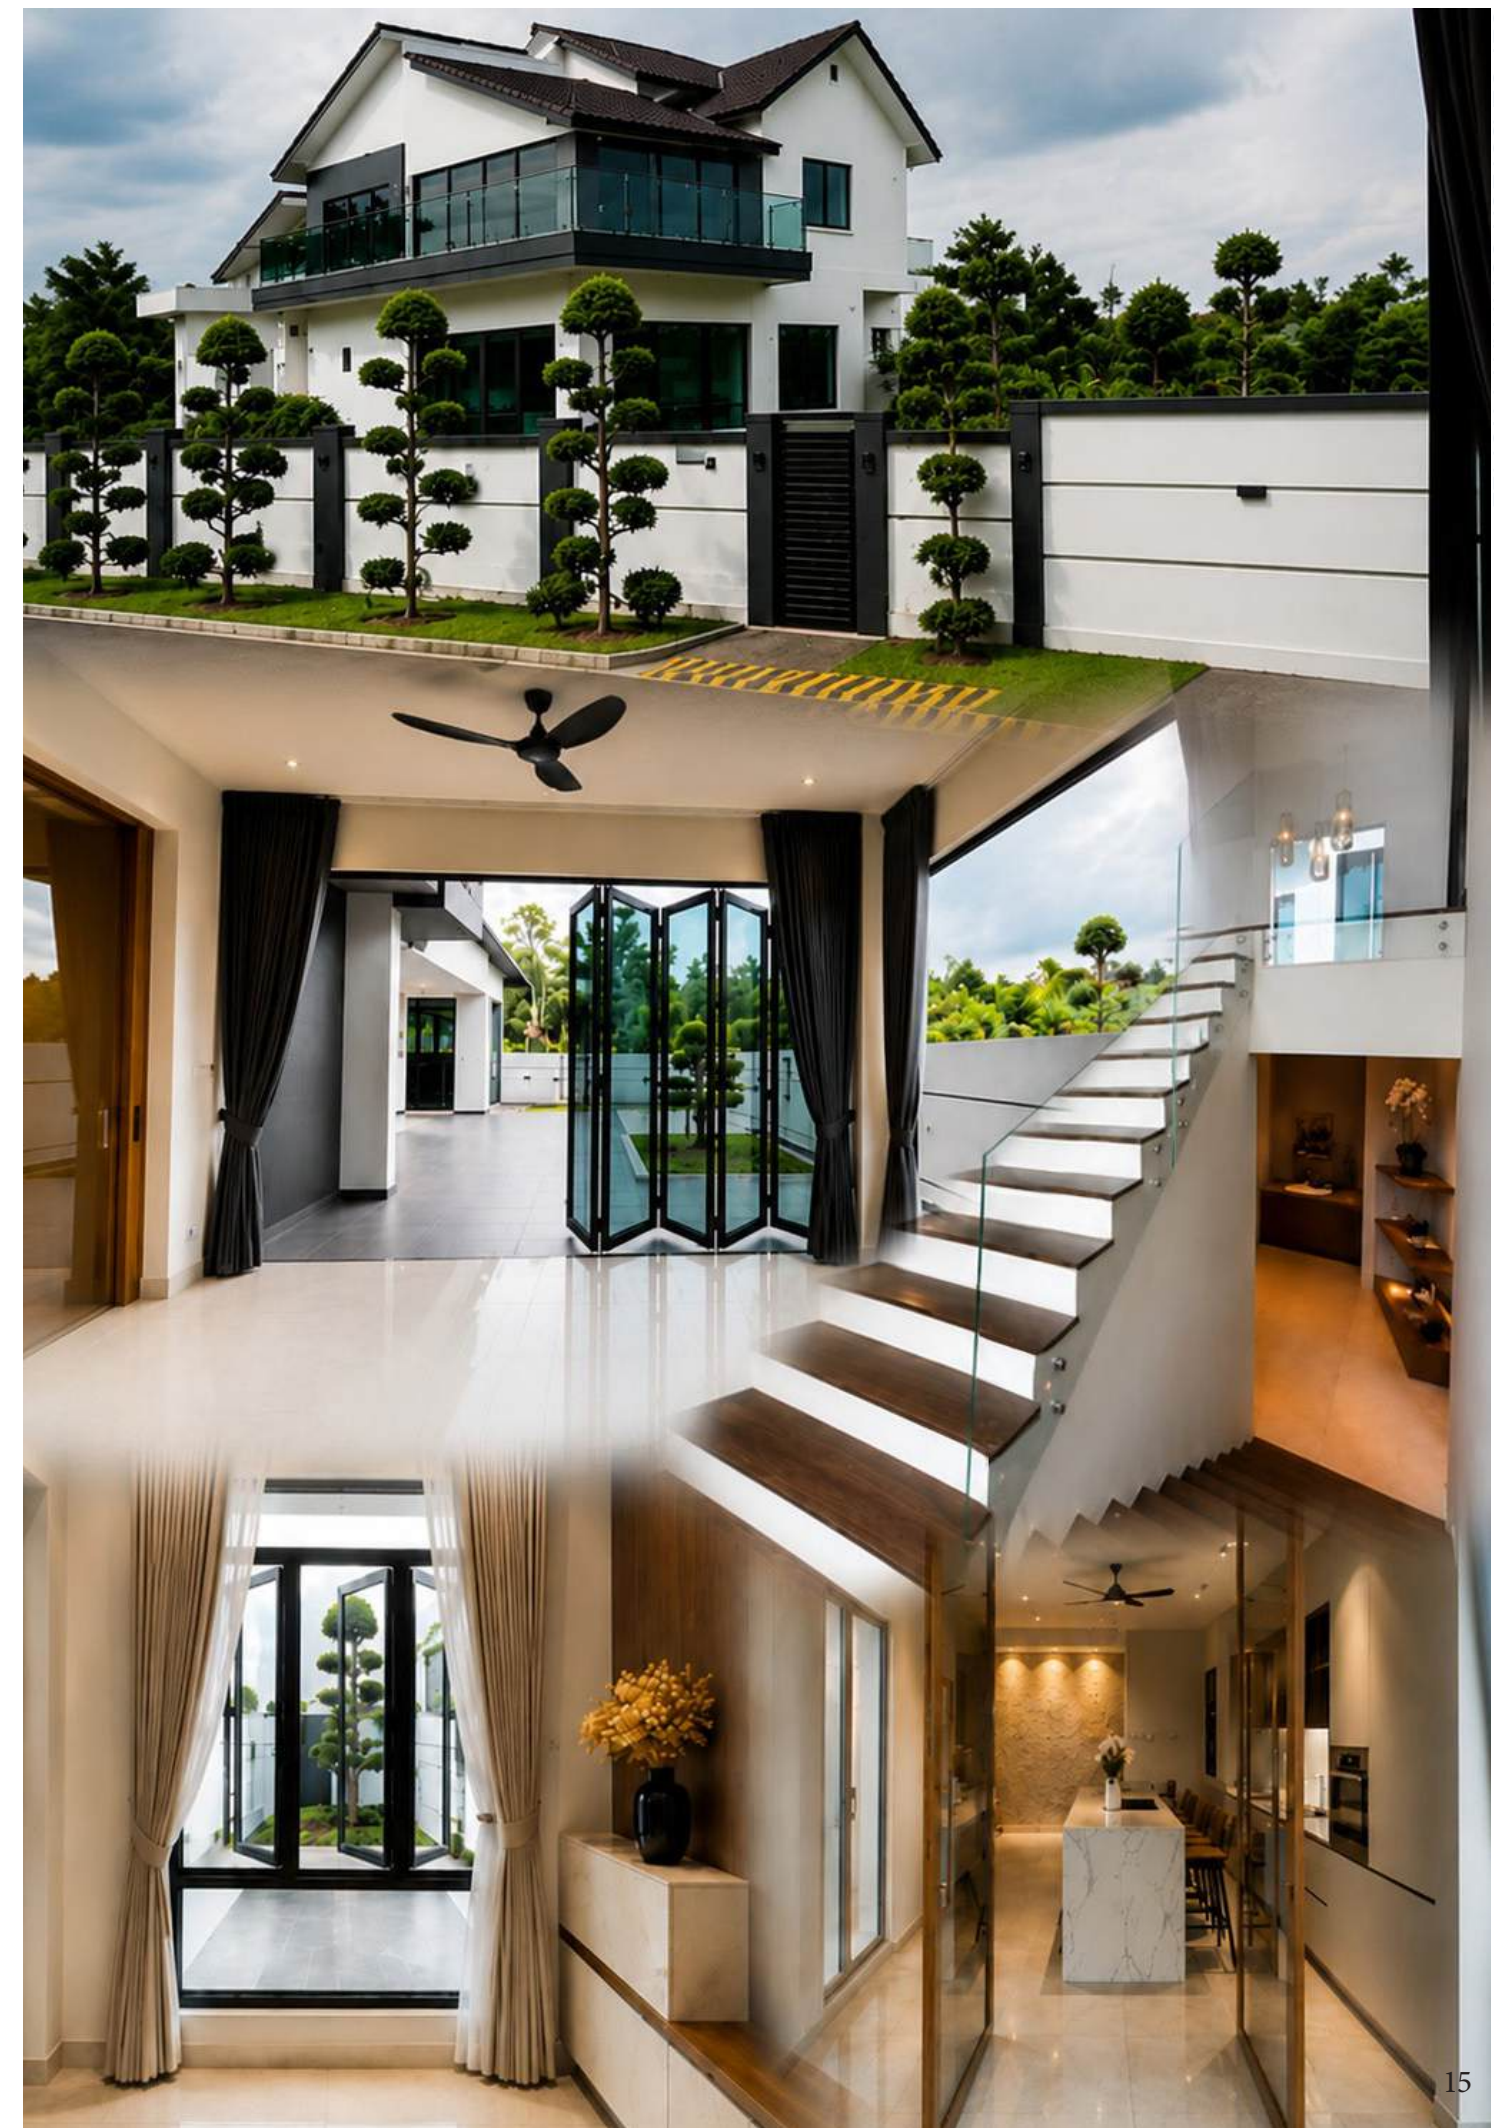

SOLUTION

Building or renovating a space involves countless decisions, multiple suppliers, and constant coordination. Managing different parties for design, fabrication, delivery, and installation can often lead to miscommunication, delays, inconsistent quality, and unnecessary stress.

At CLV Glasstech, our One-Stop Solution brings everything together under one trusted partner. We simplify the entire journey by providing complete glass and mirror solutions that ensure every stage works seamlessly together. This allows homeowners, designers, architects, and developers to save time, reduce coordination, and enjoy greater confidence throughout the project.

Whether creating a new home, renovating a commercial space, or delivering an architectural project, our goal is simple to transform your vision into reality through innovative glass and mirror solutions, making the entire process smoother, more efficient, and worry-free.

ONE STOP SOLUTION

PRODUCT

&

SERVICE

BALUSTRADE SYSTEM

Our Balustrade System combines safety, durability, and modern aesthetics to create open, unobstructed spaces without compromising protection. Designed to suit a wide range of architectural styles, every solution can be customized to achieve the perfect balance of functionality, strength, and visual elegance

Designed for balconies and outdoor spaces, the Balcony Glass Railing System provides a secure barrier while maximizing views and natural light. Its clean, minimalist design enhances the overall appearance and value of any property.

BALCONY GLASS RAILING

STAIRCASE GLASS RAILING

The Staircase Glass Railing System offers reliable handrail support while creating a light, spacious, and elegant staircase design. It blends seamlessly into modern interiors, delivering both safety and architectural appeal.

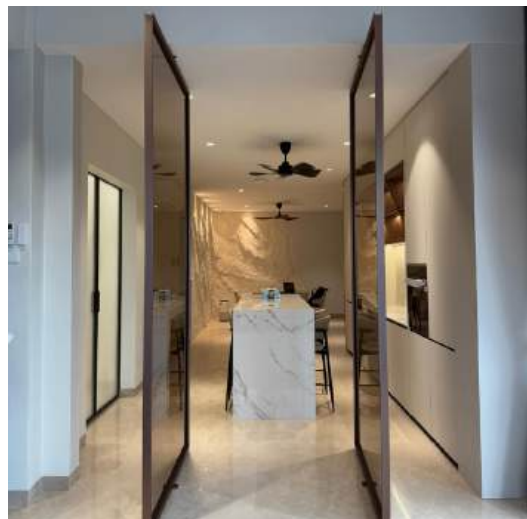

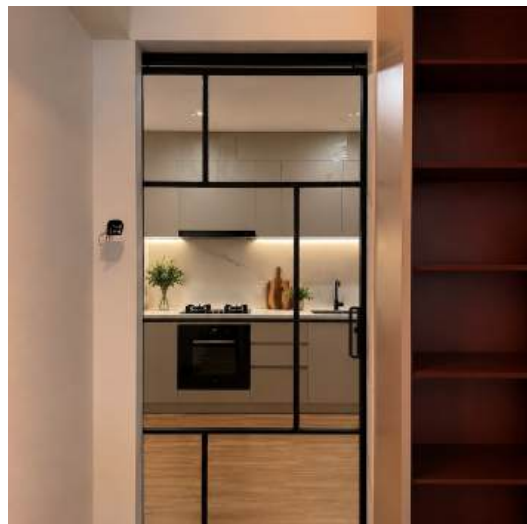

WINDOW

Our Window solutions are designed to bring together natural light, ventilation, security, and modern aesthetics in one seamless solution. Fully customizable in glass selection and configuration, each window is tailored to suit different architectural styles and project requirements. Designed to maximize natural light and create bright, open spaces, our windows offer the perfect balance of functionality, durability, and contemporary design for residential and commercial projects.

DOOR SYSTEM

Our Door System offers complete flexibility with solutions designed for openings of all sizes from compact entrances to large architectural spaces. Whether it's swing, pivot, sliding, telescope, folding, stacking, or other custom systems, every solution can be fully customized in both glass and system configuration to suit each project's unique requirements, delivering a complete one-stop solution that balances functionality, aesthetics, and performance.

Our Shower Screen solutions are designed to elevate modern bathroom spaces through fully customizable glass selection and shower screen configurations, tailored to suit every design concept and project requirement. Combining modern aesthetics with everyday functionality, each solution is crafted to create elegant, durable, and seamless bathroom spaces.

As a standard feature, every shower screen is treated with EnduroShield®. CLV Glasstech is the only authorized EnduroShield applicator in Malaysia offering easier maintenance from watermarks, soap scum, and everyday stains while helping the glass stay cleaner for longer.

SHOWER SCREEN

OUR MIRROR

100% made in Malaysia ranging from LED mirror, framed mirror and frameless mirror. Our products use Grade A raw materials, has been professionally edged, comes with scratched prevent stickers, do not fog and get moisturised easily. Providing you the highest standard of safety and durability. Shatter proof even if apply external impact, making it safer than normal mirrors.

CABINET DOOR

Our Cabinet Door collection combines modern aesthetics with everyday functionality, offering a curated range of design styles and glass selections to complement different interior spaces. Choose from our CLV Core Safety to CLV Atmos including Atmos Bespoke Expression, Atmos Chromatic, and Atmos Graphic glass collections to create a look that reflects your design vision.

Built with premium material, our cabinet doors provide exceptional strength, durability, and a refined finish for lasting performance.

SMART GLASS

Our Smart Glass combines privacy, innovation, and modern design in one intelligent solution. Switching instantly between transparent and opaque, it provides on-demand privacy while maintaining natural light and a clean, open, aesthetic delivering a seamless balance of functionality, flexibility, and contemporary design.

CLV

SERIES

CLEARA BY CLV

Cleara powered by CLV Glasstech is our curated shower screen collection, created for homeowners who appreciate clean, contemporary bathroom designs with a simpler selection process.

Instead of fully bespoke customization, Cleara offers a carefully curated range of designs and configurations from our catalogue. Customers can personalize their shower screen by selecting from our available specifications, including glass types and panel designs, making it easy to achieve a refined bathroom aesthetic.

Every Cleara Shower Screen is also treated with EnduroShield® as a standard feature, ensuring the same trusted protection and easier maintenance as all CLV Glasstech shower screens.

This allows for faster decision-making while maintaining the premium quality, functionality, and aesthetics of CLV Glasstech.

GLASSURE BY CLV

Glassure powered by CLV Glasstech is our design-focused lifestyle brand, created to transform glass into a statement of modern living. Centered around exclusive design, premium materials, and refined craftsmanship. Glassure offers curated collections with a vision to create design-driven interior solutions.

Glassure Panel features a series collection of exclusive panel designs with various default design options and glass selections. Designed for single-panel applications, it can be paired with different systems to create finished products offering a refined yet effortless design solution.
